

The Act on Support for Persons with Developmental Disabilities

厚生労働省

The Act on Support for Persons with Developmental Disabilities is a Japanese law established for the purpose of providing support to children with DDs (regardless of their age) and their families.

The act aims to achieve a society where children with DDs can realize their potential and families can raise them with a sense of security.

Support Centers for Persons with Developmental Disabilities/Disorders

There are various organizations that offer consultation services for people with DDs and their families in Japan. Every prefecture and ordinance-designated city has a Support Center for Persons with Developmental Disabilities/Disorders, which plays a central role in providing information and support.

Please refer to the following website for information on the support centers across the country:
